

Compressor Oils

High Quality 2000 Hour Compressor Lubricant

Product Code: AB0, AB1, AB2, AB3, AB4, AB5, AB6, AB9

Product Description

Cages Compressor Oil are formulated from carefully selected, highly refined virgin mineral base oils and incorporates an ashless additive system to give improved anti-wear, anti-oxidation, anti-corrosion and anti-foaming properties. This product exhibits high oxidation stability coupled with the low carbon forming tendencies required by many compressors and are recommended for drain intervals of up to 2000 hours in normal operating conditions.

Applications

Cages Compressor Oil range is recommended for the lubrication of a wide range of compressors including rotary / screw, reciprocating and many rotary vane type compressors. This oil in this range are designed to give safe, effective and reliable lubrication through the service life of the compressor. These oils are suitable for use where DIN 51506 category VD-L type oil is required.

Typical Test Data

Compressor Oil	AB0	AB1	AB2	AB3	AB4	AB9	AB5	AB6
	32	46	68	100	150	220	30	V40
ISP/SEA Viscosity	32	46	68	100	150	220	30	V40
Density @ 15°C	0.88	0.87	0.88	0.88	0.89	0.9	0.88	0.9
K.V. @ 40°C cSt	31.4	6.8	68	101.1	150	220	93.9	141
K.V. @ 100°C cSt	5.4	6.8	8.7	10.9	14.9	19	10.9	14.4
Viscosity Index	100	100	100	100	100	95	100	100
Flash Point °C	22.5	220	244	268	270	246	213	222

Availability

Cages Compressor Oils are available in bulk, 1000 litre IBC's, 205 barrels, 25 litre drums, 5 litre and 1 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Cages Ltd is one of continual improvement; we therefore reserve the right to change specifications without notice.
